

WESTMONT

GLOBAL EDUCATION

GLOBAL EDUCATION

Westmont traditionally offers a variety of off-campus study programs in the summer and fall, yet all of the Mayterm 2020 programs and the fall overseas programs have been cancelled or postponed this year.

A decision about the spring 2021 Westmont in Jerusalem program will be made by October 1, and decisions about the Mayterm 2021 international programs will be made by the start of the new calendar year.

The college relies on a Global Travel Advisory Group and works with iSOS, an international support and security group, to assess its travel itineraries and plans. We anticipate recruiting for the 2021-2022 global programs in the fall, with an assumption that in the spring of 2021 we will know if those programs will be viable.

The Westmont Downtown and Westmont in San Francisco programs will be proceeding as planned, though with adjustments that limit students' interaction with their city contexts.
